Joining the firm in 1989 as an architectural draftsman, Tim soon went on to become the firm's CADD manager, and in 2002 became an Associate Partner. Heading up the CADD team with REVIT Architecture, Tim oversees and prepares construction documents in all experience areas such as commercial, lifecare, educational, residential, churches, retail, libraries, and health care projects.

In his leisure time, Tim enjoys restoring cars and has completely transformed a 1937 Ford into a showpiece street rod!
