

Is this the time to consider a remodeling project or new addition to your church facility?

Does your church building need some improvements?

Given the economic climate, is this the time to consider such a project?

Now is the time and here is the opportunity to hear from local building and financial experts and gain from their expertise.

Plan to bring several members from your congregation so you can attend all of the workshops...FREE!

Construction Managers*

"Adaptive Re-Use and Remodeling to Stretch your Budget"

Café's, welcome centers, handicap accessibility, retro fitting, wifi, technology, energy efficiency ...remodeling and additions today call for new ways and designs to meet ministry needs in the 21st Century.

Kirby-Smith

"Capital Campaigns—Are We Ready?"

Are you planning a building program and need to conduct a capital campaign? If you are, this session is a must. You will learn how to judge the readiness of a congregation to move ahead with a capital campaign. We will address the project vision, congregational preparation for the campaign, and campaign timing for a successful campaign.

Beers & Hoffman Architects

"Mission Possible!"

Learn how early planning with an architect contributes to the value and success of your church building project and mission. Topics discussed include Leadership, Goals and Objectives, Program Assessment, Design Team Methods and Approaches, Presentation and Fundraising tools such as 3-D renderings and Animation, and Design Options and Considerations for all fundamental spaces. You'll see actual case studies and examples of churches in various stages of their building project.

Workshops Offered in *Session Two*

RGS Associates, Inc.

"Land Development Process"

RGS Associates will be presenting an overview of the land development component and process associated with church building projects.

Cornerstone Design Architects

"Designing Your Church's Vision"

A broad based presentation of design considerations a congregation may engage when envisioning expansion and/or renovations. An overview of the design and approval process will provide the framework for this seminar.

Horst Construction

"How to Build Your Vision – Design/Build Church Construction"

During this seminar members of Horst Construction will explain the Design/Build process and why it provides the best experience for Church Building Committees. Building with a purpose from the very beginning...to bring your vision to life through teamwork, collaboration, value engineering and a common goal.
